*School-community partnerships are agreements between a business agency, or organization, and a school or the district to work together for the purpose of enhancing education. Partnerships may be formed at any time, and should remain in effect for the duration of a school year. Partners should formalize or renew their partnerships annually by completing a new Partnership Agreement Form outlining proposed activities for each new school year.*

## Why Partner With Us?

At PVES, our mission is to work with the community to help our students develop the knowledge and skills to become caring, lifelong learners through inquisitive, collaborative, and reflective practices, by respecting diversity, and becoming globally-minded citizens who are empowered to take action.
